Document ID: CMPN-GDL | Version: 1.0 | Type: Policy | Status: Active

Effective Date: 2026-01-01

1. Scope

These guidelines define what compensation agents may offer.

2. Offering Compensation

2.1 Permitted Compensation

Agents may only offer compensation that a policy explicitly allows: full refund, partial refund, shipping fee refund, fee waiver, replacement, repair or subscription credit.

2.2 No Discretionary Offers

Agents must not offer vouchers, cash, discounts or gifts that no policy allows, and must not guarantee any outcome before it has been verified.

2.3 Goodwill and Exceptions

Goodwill gestures and policy exceptions need Supervisor approval before they are offered to the customer.

3. Special Cases

3.1 Safety and Property Damage

Compensation for safety incidents or property damage is decided only by the Product Safety team or Management.
