

Lumora Home Technologies - Complaint Escalation Procedure

Document ID: ESC-SOP | Version: 1.0 | Type: SOP | Status: Active

Effective Date: 2026-01-01

1. Escalation Levels

Lumora uses the following escalation levels: No Escalation, Supervisor Review, Department Manager, Specialist Team, Compliance Review and Critical Management Escalation.

2. Mandatory Escalation Triggers

2.1 Safety

Any safety hazard is escalated to the Specialist Team (Product Safety) as described in the Product Safety and Recall Policy.

2.2 Privacy and Security

Any exposure of camera footage, personal data or unauthorized account access is escalated to Compliance Review.

2.3 Legal Threats

A complaint that mentions legal action, a lawyer or a consumer court is escalated to the Department Manager.

2.4 Repeated Complaints

A customer complaining for the third time about the same unresolved issue is escalated to Supervisor Review.

2.5 High-value Disputes

A dispute involving more than 500 USD is escalated to the Department Manager.

3. Escalation Notes

Every escalation must include a complaint summary, key facts, the reason for escalation, actions already taken, the relevant policy and the required next action.
